

## **Asbestos Management Plan Notification**

In Compliance with the United States Environmental Protection Agency (EPA) and the Asbestos Hazard Emergency Response Act (AHERA), this is notice that the River Ridge School District has an Asbestos Management Plan at the school district office. The plan is available for inspection by the public, parents and district employees. The district performs six month periodic surveillance of asbestos and re-inspections every three years. For more information please contact the district office.

**2009 Wisconsin Act 96  
Indoor Environmental Quality Management Plan  
River Ridge School District  
2024 Annual Notice**

The River Ridge School District can use a website, student handbook, local newspaper, or other appropriate means to notify students, staff, and the community that the district has an IEQ management plan in place. This annual publication is part of the River Ridge School District's communication plan within the IEQ Management plan.

The River Ridge School District would like to inform staff, students, parents, and the public of the district's indoor environmental quality (IEQ) management plan. The plan was initially developed in 2013 and is reviewed as necessary. The plan was developed as deemed appropriate for the district. Questions and concerns should be directed to the IEQ Coordinator. Copies of the plan are available at the district office for a fee. The district office is located at 11165 County Highway P, Patch Grove, WI, 53817-0078.

**River Ridge School District  
Annual Asbestos Notification  
July 2024**

Per the Environmental Protection Agency - Part 763 - Asbestos - Subpart E – Asbestos Containing Materials in Schools - 763.84 General local education agency responsibilities, (c) The local education agency must ensure that workers and building occupants, or their legal guardians, are informed at least once each school year about inspections, response actions, and post-response action activities, including periodic re-inspection and surveillance activities that are planned or in progress.

As such an annual asbestos notification will need to be sent or posted in order to inform workers and building occupants, or their legal guardians about inspections, response actions, and post-response action activities, including periodic re-inspection and surveillance activities that are planned or in progress.

The sample below can be used for publication in the district's newspaper of record and/or the school newsletter and/or the school district website.

Be sure to keep a dated copy of any published notifications and file them with your management plan.

**Asbestos Notification**

In compliance with the United States Environmental Protection Agency (EPA) and the Asbestos Hazard Emergency Response Act (AHERA), this is notice that the River Ridge School District has an Asbestos Management Plan at the school district office. The plan is available for inspection by the public, parents, and district employees. The district performs six-month periodic surveillance of asbestos and full re-inspections every three years. For more information, please contact the district office.

If there are any scheduled changes in your district, such as abatement projects or other asbestos activities, please do not hesitate to contact me for assistance.
