

PROGRAM AND CURRICULUM MODIFICATIONS

Wisconsin Statute Section 118.15 requires that all students under the age of 18 attend school regularly. Wisconsin Statute Section 118.15(1)(d) also permits any student's parent or guardian, or a student if the parent or guardian or guardian is notified, to request, in writing, that the School Board provide the student with program or curricular modifications, including but not limited to:

- Modifications within the student's current academic program.
- A school work training or work-study program.
- Enrollment in an alternative public school or program located within the student's school district of residency
- Enrollment in a nonsectarian private school located within the student's school district of residency which meets certain federal law requirements. Any such enrollment must be by contractual agreement which provides for tuition payment by the student's school district of residency.
- Homebound study, including nonsectarian correspondence courses of study approved by the School Board or nonsectarian tutoring provided by the school in which the student is enrolled.
- Enrollment in any public educational program located outside the student's school district of residency. Enrollment under this subsection may be pursuant to a contractual agreement between the school districts.

When a written request for a program or curriculum modification is made, the School Board will consider the request and render a written decision on the request within 90 days of the request except that if the request relates to a student who have been evaluated by an IEP team and has not been recommended for special education, the School Board will consider the request and render a written decision on the request within 30 days of the request. If the request is denied, the Board will give the reason or reasons for denial.

The student's parent or guardian may request the School Board to review or reconsider the decision it makes in response to a request for a program or curricular modification. The School Board will render its determination upon review in writing, if the student's parent or guardian so requests.
